Session Learning Outcomes

By the end of this session, the student should be able to:

- Students will be able to understand the holistic way of living by integrating realization, thought, behavior, and work
- recognize how All-encompassing Resolution fosters harmony at all levels—from the individual self to society, nature, and the entire existence.
- Students will be able to relate the importance of All-encompassing Resolution in human life, analyze its application across realization, thought, behavior, and work

How to Engage with this Session (The Process)

- Whatever is said is a proposal — do not assume it to be true or false.
- Verify it on your own right, on the basis of your natural acceptance.
- It is a dialogue: first between you and the teacher, then within your own self — between what you are and what you really want to be.

Part A — Key Ideas (Recap)

- What is the role of behavior in holistic living?: Behavior reflects our values in relationships through trust, respect, and mutual cooperation.
- How is work seen in a holistic lifestyle?: Work means participating in the larger order of society and nature through productive, ethical, and sustainable contributions.

Part B — In-Class Activity

Activity 1: Self-Exploration and Natural Acceptance for Session 8

Analyze the core proposal on the basis of natural acceptance and self-verification.

Core Proposal Aspect	Naturally Acceptable? (Yes/No)	Current Practice (Living with it?)
Students will be able to understand the holis...	Yes (Naturally Acceptable)	In Progress / Conscious Effort
recognize how All-encompassing Resolution fos...	Yes (Naturally Acceptable)	Self-Observing Regularly

Personal Observation: When verifying Students will be able to understand the holistic way of livi through my natural acceptance, it leads to internal harmony, clarity of purpose, and unconditional fulfillment.

Living in alignment with this understanding eliminates internal contradictions and fosters mutual happiness in all dimensions of life.

Activity 2: Participation in the Order of Society and Nature

Identify concrete steps to translate understanding into conduct and relationship.

Dimension of Living	Commitment & Action Plan
Thought & Imagination	Ensure desires are guided by natural acceptance rather than pre-conditioning.
Behavior & Relationship	Express feelings of trust, respect, and affection unconditionally in daily interactions.
Work & Production	Engage in mutually enriching work with nature, ensuring conservation and sustainability.

Part C — Long-Answer Questions

Q1. What is the importance of humanistic education in professional ethics?

Humanistic education is important in professional ethics because it develops the right understanding required for ethical conduct. Without right understanding, professional education may only develop skills for earning, competition or profit. Humanistic education helps a person understand the comprehensive human goal and use professional knowledge for mutual happiness, mutual prosperity and preservation of nature. It develops the competence to live with definite human conduct. A professional with humanistic education will not use technology, management or knowledge for exploitation or harm. Instead, they will use their profession as a meaningful participation in society and nature. Therefore, humanistic education is the entry point for ethical profession and humane society.

Q2. What is the role of behavior in holistic living?

Behavior reflects our values in relationships through trust, respect, and mutual cooperation.

Q3. How is work seen in a holistic lifestyle?

Work means participating in the larger order of society and nature through productive, ethical, and sustainable contributions.
