Session Learning Outcomes

By the end of this session, the student should be able to:

- Students will be able to understand the holistic way of living by integrating realization, thought, behavior, and work
- recognize how All-encompassing Resolution fosters harmony at all levels—from the individual self to society, nature, and the entire existence.
- Students will be able to relate the importance of All-encompassing Resolution in human life, analyze its application across realization, thought, behavior, and work

How to Engage with this Session (The Process)

- Whatever is said is a proposal — do not assume it to be true or false.
- Verify it on your own right, on the basis of your natural acceptance.
- It is a dialogue: first between you and the teacher, then within your own self — between what you are and what you really want to be.

Part A — Key Ideas (Recap)

- How does all-encompassing resolution lead to harmony at different levels?: By aligning realization, thought, behavior, and work, harmony is achieved within the self, in families, in society, and with nature.
- Why is this understanding important for students?: It helps them integrate technical knowledge with human values, ensuring their innovations support sustainable development and coexistence.

Part B — In-Class Activity

Activity 1: Self-Exploration and Natural Acceptance for Session 9

Analyze the core proposal on the basis of natural acceptance and self-verification.

Core Proposal Aspect	Naturally Acceptable? (Yes/No)	Current Practice (Living with it?)
Students will be able to understand the holis...	Yes (Naturally Acceptable)	In Progress / Conscious Effort
recognize how All-encompassing Resolution fos...	Yes (Naturally Acceptable)	Self-Observing Regularly

Personal Observation: When verifying Students will be able to understand the holistic way of livi through my natural acceptance, it leads to internal harmony, clarity of purpose, and unconditional fulfillment.

Living in alignment with this understanding eliminates internal contradictions and fosters mutual happiness in all dimensions of life.

Activity 2: Participation in the Order of Society and Nature

Identify concrete steps to translate understanding into conduct and relationship.

Dimension of Living	Commitment & Action Plan
Thought & Imagination	Ensure desires are guided by natural acceptance rather than pre-conditioning.
Behavior & Relationship	Express feelings of trust, respect, and affection unconditionally in daily interactions.
Work & Production	Engage in mutually enriching work with nature, ensuring conservation and sustainability.

Part C — Long-Answer Questions

Q1. Explain how holistic technologies can support transition towards universal human order.

Holistic technologies can support transition towards universal human order when they are designed and used with right understanding. Technology should not be developed only for profit, comfort or speed. It should fulfil real human needs, support local self-sufficiency, protect nature, reduce waste and promote cooperation. Holistic technologies should be people-friendly, eco-friendly and user-friendly. They should support sustainable production, right utilisation of resources and meaningful employment. When technology, production systems and management models are guided by human values, they help society move from exploitation and accumulation to mutual fulfilment and prosperity. Thus, holistic technologies become a practical step in the transition toward value-based life, ethical profession and universal human order.

Q2. How does all-encompassing resolution lead to harmony at different levels?

By aligning realization, thought, behavior, and work, harmony is achieved within the self, in families, in society, and with nature.

Q3. Why is this understanding important for students?

It helps them integrate technical knowledge with human values, ensuring their innovations support sustainable development and coexistence.
